LETTER OF RECOMMENDATION

Re: Dee Lucroy-Dempsey

Dear Producer

For me, nothing is more exciting and fun than making a movie. Because of that, I have worked on well over a hundred productions. Many are on the producer's team or as a UPM and/or 1st AD.

We hired Dee Dempsey as our Craft Services lead on a recent Mississippi-based feature film production, "Sunday Kinda Love". Dee was one of our champions. With a crew and cast typically over 45 people, and on 12-hour shooting days, she completed the task without problems. Crafty was always fresh and very robust. She worked well within our budget, often our table was beyond expectation. Dee kept talent crafty refreshed and knew each star's priorities. With great energy she was a "one person" team who pitched in when necessary, no matter the department.

Please feel free to call me. Good luck with your production.

To Whom it may Concern:

I started making indie films in 2020 during the pandemic because with everything shut down there was nothing else to do. And I fell in love with it I created my own indie film company, Project Arrowhead Films, and started hunting down people to make my first feature film.

As with all starting off films we hit quite a few snags we had location issues, actors stolen from us and of course several of the original cast got sick with covid. So in the midst of my panic trying figure out what to do next I came across Dee, such a lovely talented woman.

I cast Dee Dempsey as the District Attorney in my MS gulf coast feature film production, The Demons of Grimsly County. Dee was my miracle, the Glue that pieced everything together. I have over 30 people in my cast and crew but Dee, there is something Special about her. It's hard to describe but when you work with her you'll see and you will not be disappointed.

She sent me her audition video for the role of my district attorney and nailed it! Even through everything that was going on in both of our lives with me stressing over my film and her working in her own projects we worked it out. She did an amazing job and she didn't even have to travel down here to the gulf coast to do it. She did it all from her home. I was aiming for a specific point of view and she did amazing!

I can't wait to work with Dee on my future productions. And you will be lucky and very happy to have her as a part of your team.

Please feel free to call me if you have any questions & Good luck with your current & future productions

To Whom It May Concern:

I am writing this letter on behalf of Dee Dempsey, whom I have had the pleasure of working with on film productions. Dee joined my *Fighting Belle* feature production in 2016-2017. Although she initially was brought on as our stills photographer, Dee quickly volunteered to help in all areas as needed—including production assistance, casting, and even taking on a small speaking part! Dee proved to be a reliable, positive presence on set, and I would have no hesitation with hiring her for future film projects. I believe she will prove to be an asset for your film production as well.

Sincerely,

Sean Riley

DEE DEMPSEY

I had the great pleasure of working with Dee whilst recently shooting the movie Sunday Kinda Love, in Canton, Mississippi.

Not only speaking for myself, but also my whole camera team and my grip and electric crew, we all had nothing but good things to say about Dee.

Her food was great, set-up immaculate and speed to move and adapt greatly appreciated by all.

That being said, above all her awesome personality was a real 'asset' on set. As you know, a film crew 'runs on it's stomach' so keeping everyone satiated is a great help to HOD's.. believe me.

I will highly recommend her for any of my future productions throughout the South.
